PROFESSIONAL SUMMARY

Dedicated and detail-oriented Frontend Developer with over 1.5 years of experience crafting responsive, visually engaging, and user-centric web applications. Adept at turning complex problems into elegant digital solutions using modern web technologies like React.js, JavaScript, and CSS3. Strong foundation in analytical problem-solving derived from a mathematics background, with a proven track record of delivering high-quality freelance projects.

TECHNICAL SKILLS

- Frontend Development:** HTML5, CSS3, JavaScript (ES6+), React.js
- Backend & Programming:** Python, Node.js (Basic)
- Design & UI/UX:** Figma, Glassmorphism design principles, Mobile-first responsiveness
- Tools & Version Control:** Git, GitHub, VS Code

EXPERIENCE

Freelance Web Developer

2024 – Present

- Successfully delivered 10+ web projects for 7+ clients, managing the full development lifecycle from initial Figma wireframes to final deployment.
- Specialized in SEO optimization, performance audits (Core Web Vitals), and creating mobile-responsive layouts.
- Consistently maintained clear client communication to ensure project requirements and branding guidelines were met.

KEY PROJECTS

Business Website

Freelance Developer | HTML, CSS, JavaScript

- Designed and developed a fully responsive promotional business website to establish a strong online presence for local services.
- Implemented modern UI/UX principles to highlight brand services, resulting in a streamlined client booking and inquiry experience.
- Live: kiraa888.github.io/Business-Website/

Solo Leveling Gym System

Creator & Developer | HTML, CSS, JavaScript

- Built a gamified fitness web application inspired by RPG mechanics, featuring a structured 4-day training split focusing on progressive overload.
- Engineered the core logic for tracking user progression, supersets, and core conditioning routines.

Interactive Memory Vault

Personal Project | HTML, CSS, JavaScript, React.js

- Developed a narrative-driven "Love Vault" web application to digitally archive timelines, shared history, and personal milestones.
- Integrated advanced CSS styling, including glassmorphism effects and custom animations, to create an immersive user interface.

EDUCATION

BSc Mathematics (Honours)

Jaganath Kishore College, Purulia | Currently Pursuing

- Specializing in Classical Algebra, Analytical Geometry, and Calculus.
- Developing strong logical reasoning and algorithmic thinking skills applicable to software development.

Higher Secondary (12th Grade - Science)

Moutorh Manda Sundari High School (H.S)

- Focus: Physics, Chemistry, and Mathematics (PCM).
